Gyaru Group The group in which Agami and Yabana are in the centre of and the very top of Girls' hierarchy. The group is small, but because of it's aggressiveness and connections to the boys' group, it has a lot of influence on events when it comes to class trip destination etc.

Abe-san: The class' homeroom teacher where he teaches Japanese. His curt attitude stands out, and his bad handwriting on the blackboard is well-known. He's sensitive to students' changes more than others and listens when they ask him for advice. His caring attitude leads to a misfortune of him falling the victim of listening to the Stray Bead's first live concert.

NEXT CHAPTER WILL BE OUT ON OCTOBER 17TH!!
